*"Apprehensive at first, didn't know what to expect. But Rob Rave threw out great ideas, with lots to think about, plans of action to use. Great presentation! Lots to go away and think about. Rob certainly got everybody thinking!!! "*

*"It is extremely useful and important – even for coaches who have ideas of coaching for it reinforces and fine tunes and builds confidence Hopefully coaches at the end of the day are not so exhausted!."*

*"Very much a learning process which I have used but not to this extent. The course was well run and the explanations and demos made everything easy. It's definitely something I will use more of in the future."*

*"Gets you thinking and helps you communicate effectively. It improves your knowledge of the learning process. Makes you focus on the positives. Puts the pupil at the centre. Great instructor...would like to have done a little more physical and practical work and a little less thinking!"*
